Request for Issuance of Nigerian Driver's License Extract

Dear Sir/Madam,

I respectfully write to request the issuance of a Nigerian Driver's License Extract in respect of my Nigerian driver's license.

I am a Nigerian citizen currently residing in Canada. Kindly find enclosed the required documents in support of my application, including copies of my Nigerian passport biodata page, the page showing my most recent entry into Canada, and a copy of my Nigerian driver's license (original enclosed for sighting and return).

Also enclosed is a self-addressed Canada Post return envelope for the safe return of my original documents, as well as the required processing fee in the form of a bank draft.

Kindly assist with the processing of this request at your earliest convenience. Should any additional information be required, I can be reached at the contact details provided above.

Thank you for your consideration.

Yours faithfully,

Ralph Otowo
